

12 TOOLS FOR TRAVEL MANAGERS

Streamline Travel Management with Christopherson's Digital Travel Tools

AirPortal 360™

Travel manager dashboard + app with single sign-on access to your whole travel program.

1

Reporting

Customized reporting tools to evaluate performance benchmarks, analyze spend, and assess ROI.

2

Travel Policy

Travel policy integration to communicate and enforce compliance across all booking options.

3

Domo

Data visualization options for gathering and aligning metrics, and delivering real-time insights.

4

**SIMPLIFY
YOUR WORK**

5

AirBank®

Unused airline ticket tracker audits and enforces reuse of funds at booking to cut costs and eliminate waste.

6

Virtual Pay

Pre-authorized hotel payments through single-use cards limit fraud, consolidate hotel spend, and ensure negotiated rates.

7

Hotel ReCheck®

Hotel reservation monitoring to ensure lowest available rate on full-service bookings.

8

Airtinerary®

Easy-to-read trip plans in one place with calendar and Triplt integration, and links for check-in.

9

Travel Approval

Unification of online and full-service process to digitally track approvals, modifications, and cancellations.

10

Traveler Profiles

Traveler information and preferences stored securely and integrated for online or advisor bookings.

11

SecurityLogic®

Real-time risk management tool for locating travelers, verifying safety, and communicating alerts.

12

Hotel Attachment

Hotel compliance system that ensures trip plans are complete and use negotiated rates prior to travel.
